## How It Works

Lindora's clinically-proven Lean for Life® program shows you how to turn your body into a fat-burning “machine!”

- **“Ignite” ketosis.** You will ignite your body's fat-burning response (called “ketosis”) by eating the right combination of healthy foods and following the Lean for Life™ program.
- **Get daily proof of fat burning.** Each day during weight loss, you will use a fat-burning indicator stick, which will show you proof that your body is in ketosis—and burning fat. When your white stick shows color, you're burning fat!
- **Adjust your metabolism.** Through the program, you will learn how to readjust your metabolism, so you can begin to eat more without gaining weight
- **Stay Lean for Life!** You will gain the knowledge and habits to help you maintain your new lean weight—and stay “Lean for Life!”
