## We've Heard from Others... Now We'd Like to Hear from You!

Dear Paul,

You took the Rite Weigh Challenge—that means you took a significant step toward better health! We hope you found tools for success along the way.

We believe "success" is defined differently for each person. Perhaps your definition of success was making progress toward your goal, feeling better than you have in years, or reaching a "milestone" weight. Or, perhaps success meant making lasting, healthy changes to your life.

So, do you have a story of success that you'd like to share? If so, we'd love to hear from you—your story could be featured on our website to inspire others to take the Rite Weigh Challenge!

Congratulations again!

Best Wishes from Team Lindora & Team Rite Aid
