What's your EDRA Score?

Are you curious about how your lifestyle habits might "score" when it comes to your health? Why not take just five minutes today and take the EDRA? It's a quick, simple online health assessment that was developed by the experts at Lindora-and it could be a real eye-opener on your health today and in years to come. Take great care of yourself-you and your body deserve a happy, healthy future together!

Cynthia Stamper Graff
President and CEO,
Lindora Inc.

It's not all
about you.

It's about
making sure
you're around
for them.

Take our **FREE** Health Assessment!

The **Early Death Risk Assessment** is a short, simple questionnaire that can give you an idea of whether you might be at risk for such health conditions as heart disease, stroke, high blood pressure, diabetes, and metabolic syndrome. **It only takes about 5 minutes, and is a great first step toward taking better care of yourself.**
