# SUPPORT + DONATION

Consider helping The Women's Clinic by donating your time, supplies, or by a financial contribution. Your donation gives The Women's Clinic the ability to offer a free- or sliding-scale fee for patients who cannot otherwise afford health care.

**WHAT CAN YOUR DONATION DO?** A gift of just \$50 could fund a Pap test—an important screening procedure that can in turn prevent the occurrence of cervical cancer.

The greater your donation, the greater your impact on the services we provide and the number of people we can help.
